

School of Graduation Comparison

The **School of Graduation Comparison** Viewport compares cumulative dollars or donors from your alumni by their school of graduation. If constituents graduated from multiple schools, they would be counted as a donor for more than one school of graduation.

The **Fiscal Year** can be changed using the drop down at the top of the tab. This drop down will reload all Viewports in the tab with the selected fiscal year.

The dollar and donor **Measurement** can be changed using the drop down at the top of the Viewport. Any changes made to the measurement selection are stored, so the Viewport will display your last selection the next time you log in.
