# Proposal Activity vs. Peer Group

The **Proposal Activity vs. Peer Group** viewport displays an officer's proposal activity for the selected time period relative to their Peer Group. In addition, it summarizes the total activity for the Peer Group.

The **Time Period** is defaulted to the current fiscal year but can be changed to any of the previous 4 fiscal years or current/previous 4 calendar years by using the drop down at the top of the viewport.

You also can toggle between the **Count** of proposals in each status or the total dollar **Amount** of proposals in that status.

Clicking on any of the links in the table will bring up the list of proposals that make up the results.
