Batch Wealth Screening

- The total number of screenings that you have remaining
- Days remaining on trial/contract

You can run a batch screening directly from the Control Panel based on Net Worth and MG EVI. To do so, follow these steps:

- **Net worth** - Select the minimum Net Worth value of the constituents you would like to screen
- **Major Giving EVI** (Optional) - Select a minimum MG EVI score of the constituents you would like to screen. This is an optional selection.
- Run Batch Screening
