Version 4.5.6 - February 23, 2018

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

<u>New Features and Improvements</u>

1. Two new viewports are available in Officer Performance:
   a. Days Since Last Contact by Selected Officer vs. Peer Group
   b. Days Since Last Contact by Selected Officer by Prospect Stage

<u>Bug Fixes</u>

1. Code mapping for Relationship Status has been updated so it correctly saves changes.
2. Drilldowns for several viewports throughout the platform have been updated to more accurately reflect the data displayed.
