

Version 4.6.6 - July 13, 2018

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

New Features/Improvements

1. Within Control Panel, Donor Discovery customers will see a new page under Manage Users that shows how many Donor Discovery seats have been assigned and to which users.

Bug Fixes/Maintenance

1. In Major Giving, the Contacts dashboard has been updated so that when "All Contacts" is selected, it includes contact reports from inactive officers.
2. In Prospect Assignments, the column Proposal Stage has been updated to display more consistently.
