

# Version 4.7.6 - December 7, 2018

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

## **New Features/Improvements**

1. The Annual Giving > Appeals dashboard have been updated to allow users to filter viewports on School/Unit and/or Primary Relationship Type.
2. In Targeter, a new column for Preferred Phone has been added under Contact Information.

## **Bug Fixes/Maintenance**

1. On Prospect Assignments, Prospect ID will no longer display for all schools, instead only displaying for schools that group entities together by prospect.
2. In Console, the display of Officer Goals with multiple officers selected has been improved to be more accurate in how goals are combined.
3. An intermittent issue where users would see an error page when trying to log in after being automatically logged out due to inactivity has been resolved.
