

Version 4.7.8 - January 11, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

New Features/Improvements

Blackbaud Fundraiser Performance Management and Blackbaud Volunteer Network Fundraising are moving to new web locations on the Blackbaud domain. They can now be accessed at:

- <http://performancemanagement.blackbaud.com>
- <http://volunteernetworkfundraising.blackbaud.com>

The existing URLs will continue to work for the next few months and will redirect to the new URLs in the future.

Bug Fixes/Maintenance

1. In Targeter, the Prospect Stage column has been updated so it shows values even if entities have multiple prospect records.
