

Version 4.7.9 - January 25, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

Bug Fixes/Maintenance

1. On the Prospect Assignments dashboard, an issue that was causing all entities in a household to display with the same entity ID has been resolved.
2. In the Prospects viewport on Console, the Prospect Stage column has been updated so it displays results more consistently.
