

Version 4.8.0 - February 8, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

Bug Fixes/Maintenance

1. An issue related to attachments on Relationship Profiles was causing some profiles not to load. That issue has been resolved.
2. In Targeter, the Donor Discovery Screening Date and Automatic Screening Date filters have been updated so that choosing N/A in the dropdown only returns entities that have not been screened.
3. The links generated in emails sent to new users have been updated to better work with clients who have single-sign on enabled.
