

Week of September 16 - September 20, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

Improvements

1. In Activity Center, when editing a proposal that is in a declined status, users now have the option to specify a declined date.

Bug Fixes/Maintenance

1. An issue that prevented certain Activity Center clients from seeing edits made to a proposal has been addressed.
2. Some users were prevented from being able to search for an entity in FPM mobile. That issue has been resolved.
3. In Volunteer Network Fundraising, the ability to bulk upload assignments has been restored.
