

# Week of September 30 - October 4, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

## Improvements

1. For clients that use Advance, searching for a Prospect when creating a Proposal now displays additional detail like the entities associated, the prospect stage, and prospect rating.

## Bug Fixes/Maintenance

1. Manager users of Volunteer Network Fundraising are once again able to see the details of Donors Influenced viewport.
