

Week of October 21 - October 25, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

Improvements

1. Several viewports reporting on the status of active Proposals have been renamed to be more descriptive.

Bug Fixes/Maintenance

1. In Officer Goals, certain proposal-based goals were excluding certain proposals. That has been addressed.
