

# Week of October 28 - November 1, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

## Improvements

1. Several viewports reporting on the status of active Proposals have been renamed to be more descriptive.

## Bug Fixes/Maintenance

1. In Officer Goals, certain proposal-based goals were excluding certain proposals. That has been addressed.
