

# Week of November 4 - November 8, 2019

This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

## Improvements

1. A new dashboard called **Campaign Project Reporting** was added to Advancement. Access to that new dashboard can be controlled via User Profile permissions.
2. A new viewport has been added to Major Giving > Proposals called Proposal Status by Expected Date

## Bug Fixes/Maintenance

1. The Trailing 10 Years Giving History chart on Relationship Profiles has been restored.
2. An issue preventing users without a profile selected from being edited has been addressed.
