

October 2021

The release notes reflected below are from the past several releases. This list consists of key new features, as well as issues reported by or of interest to customers. It is not an exhaustive list of updates.

Please note since the [last release](#), the majority of the releases have been focused on high urgency bug fixes and behind-the-scenes improvements.

Bug Fixes/Maintenance

- Improvements and bug fixes to the FPM iOS mobile app were resolved. There was an issue with certain users not being able to consistently access the app. Please download the latest version iOS mobile app.
- Security updates to the FPM Android mobile app were implemented. Please download the latest version of the Android mobile app.
- Targeter subscriptions that were failing have been fixed. This was impacting several clients and those subscriptions are now running as expected.
- Within Targeter, when using Crosstab, certain users reported not being able to drill into "overall" results. This has been resolved.
- Portfolio Proposal Coverage vs. Peer Group (Major Giving > Officer Performance) was displaying inaccurate results in some cases. This has been resolved.
- The viewport "Days Since Last Contact by Anyone by Prospect Stage" (Major Giving > Officer Performance) was only displaying results for "primary assignments". Assignment type of "non-primary" and "all" now update as well.
